## Official Paper of the City.

## The Times Changed.

Before the election we heard nothing from the democratic press, but ravings about the "irrepressible conflict," which Lincoln believed in and would practice; of the negro equality of which he was the apostle and would introduce; of the war that he would extremely wages upon southern institutions, should he be elected. We were to have an immediate crusade, on the part of the Wide Awake, with Lincoln and Seward at their head, to liberate all the slaves in the south. The scene begins to change—these croakers have already commenced the back track—Mr. Lincoln is now considered an extremely conservative man by many of the democratic newspapers, which, before election, represented him as almost a second John Brown. They hunt up and quote from his speeches to show that, after all, he is not a very terrible sort of a man—that he will deal justly with the South, according to his convictions, and that there is really no reason to apprehend that he will call Garrison and Wendell Phillips into his cabinet! We congratulate these Douglas friends, on the fact that the scales begin to fall from their eyes, and that they are likely, soon, to see the political world as it actually exists.

## The Financial Flurry.

There is considerable excitement in financial matters. The panic makers have taken advantage of the secession flurry to bring on a crisis, so that they may reap the advantage of a depression in stocks and an advance in exchange. They will buy stocks when they get them low enough and thus make money out of the alarm which has been excited; and if western currency is too inflated and can be depreciated, they will make a grand strike upon the advance in exchange.

Now what legitimate connection can there be between the trade of the west and east, and the crazy southern fanatics who are trying to get out of the Union. If they should go out to-morrow it ought not to have the least influence upon the money market of the west. We are not connected with the disunion states in business—we buy nothing of them—sell nothing to them—borrow nothing of them—we do not owe them, nor they us. Why should we disturb ourselves on their account, any more than if they were foreign nations?

It may be said, perhaps, that we have Missouri stocks, pledged in this state as security for our bank bills, and that these stocks are somewhat depressed. This objection has long ago been urged, and is nothing new. Missouri is not a disunion state. She is as far from it to-day as Wisconsin. Her wealth is just as great as it was a month ago, when no alarm was felt. Her stocks are just as valuable to-day as then; and no action taken by South Carolina and Georgia, in relation to federal affairs, can possibly affect that state. Why then should there be any alarm felt about her solvency? It is simply because Wall street operates upon the blind fears of the people to make a profit out of them. Let us, here in the west, pay no attention to Wall street bears, or the small panic makers elsewhere. Our trade is on a substantial basis—we do not owe the east or south more than we have ability to pay, in the crops which have been gathered this year. If the cotton states choose to plunge themselves into a political and money crisis, let them; and we trust our people will permit them to reap the evils from the seed they have sown, and not borrow any trouble which is not legitimately our own.

But if there is no trouble, why has exchange suddenly gone up in Chicago and here to 3 per cent? We might answer that question by asking why exchange is now selling at Cincinnati, close upon the borders of the slave states, at only 2 per cent?

The reason of this is in the difference in the quality of the currency. Ohio currency is better than Illinois. Twenty-five new banks have been established within a few months in Illinois. This inflation of an already poor kind of currency leads directly to the high rates of exchange. The man who takes it for goods or for wheat, loses three cents on every dollar, at this time. It is a depreciation in currency, for that is what it is, and not a premium on exchange.

It will go on in this way until something is done to stop the multiplication of banks in the west. It is a tax too grievous to be borne, and comes out of the pockets of the people. The tax is enormous—it amounts to at least a million of dollars in Wisconsin and Illinois, and if the producers of our agricultural wealth were called upon to pay this amount in direct taxes to those who deal in money, there would be an outcry and a remedy. But as it is obtained indirectly, in the shape of exchange, they remain quiet, because they are ignorant of the loss they sustain.

We believe, therefore, that the rise in exchange would have taken place if there had been no disunion howl in the far-off state of South Carolina, with whom we have no commercial relations. If we had the coin for our wheat, exchange would rule low; but as we have Illinois bank bills, which are not considered as good as coin by the amount of three cents on the dollar, exchange ranges at that rate. These state banks need regulating in some way, and we trust the Illinois legislature will take their hand at its approaching session, and provide an effectual remedy against the periodical inflation of their currency.

**LIBERAL.**—The people of Racine county have raised a fund of \$400 for the only child of Charles Search of Racine, who lost his life by the premature discharge of a cannon, while celebrating the republican victory in the October State Elections.

**THE WEST IN CONGRESS.**—Assuming that the ratio of representatives in the next congress will be about 125,000 persons to each member of the house, the western states will stand nearly as follows:

	1856.	1860.
Ohio.....	21	22
Illinois.....	11	12
Michigan.....	9	14
Wisconsin.....	4	6
Minnesota.....	3	6
Iowa.....	0	1
Missouri.....	2	6
Total.....	57	72

Gain—thirteen members.  
The west will be a power in the council of the nation hereafter.

**FUSION CREATING.**—Mr. Pennington was defeated in the fifth district of New Jersey, by the circulation, after dark, of a ticket printed exactly like the republican ticket, with the exception that Mr. Perry's name was printed, instead of Mr. Pennington. The polls in New Jersey are kept open till seven o'clock in the evening, and the darkness favored the deception. The counterfeit ticket received about 170 votes in Hudson county alone, which was enough to change the result.

**ARTHEMUS WARD.**—Charles F. Brown ("Artemus Ward") is about to withdraw from the Cleveland Plaindealer, it is stated to go in a professional capacity either to New York or Philadelphia. The last number of Vanity Fair contains a letter from "Artemus" describing a visit to Brigham Young, from which we conclude that Mr. Brown is engaged for the corps of that comic periodical. He is one of the best broadly humorous writers in the country.

**A NOVEL WAGER.**—The Wisconsin gives an account of a bet made between two Germans in that city, one a republican and the other a Douglas democrat. The wager was, that if Douglas got two thousand majority in Milwaukee county, the former was to saw a cord of wood on Market Square; but if the majority was under two thousand the latter was to perform the sawing operation. The Douglas man lost the bet, and promptly repaired to Market square, where he sawed the wood, surrounded by a crowd of some two hundred lookers on. With the aid of occasional refreshments the job was soon accomplished, and the wager paid.

**WHAT IS THE CLAMOR ABOUT?**—Georgia and South Carolina, having no reason upon which to found their complaints and clamor, it may be well to enquire what the fuss is all about? We think the object is apparent—it is to get the north thoroughly scared, and then make another compromise. Virginia, we see, has already proposed one, which will enable the south either to elect their president, or defeat the election entirely. We trust another compromise will never be made on the subject of slavery.

**BOOTH AT WASHINGTON.**—The New York Herald of the 9th, says:  
"An application has been made to the president by Mr. Booth, who has given the federal authorities of Wisconsin so much trouble, for remission of his fine, on the ground of poverty; but the application is accompanied with insolent defiance and determination on his part to repeat the offense upon the next opportunity."

Under such circumstances it is hardly to be supposed that his application would be successful. Mr. Booth, by his unreasonable course, has lost the sympathy of his friends, and the public will in the future take little interest in his fate until he reforms his manners and his temper.

**SERIOUS CHARGE.**—A girl named Maggie O'Brien was found burning up, in the office of Dr. Frazer, at Peoria, Ill., recently, and the doctor has been arrested as being in some way responsible for it. The girl is not likely to live.

**THE DOWAGER EMPRESS OF RUSSIA,** who has just died, was the wife of the late Czar Nicholas, and a sister of the present King of Prussia. Whether as a wife, a mother, or a daughter, she was one of the most estimable Princesses whose brow has been adorned by a diadem.

**KEITT, THE TREMBLEDOUS.**—The gentleman from South Carolina who "stunned his toes" has been serenaded at Columbia. Of course he made an exciting speech. He declared that Mr. Buchanan was pledged to secession; and mildly proposed that "South Carolina shall throw her arms around the pillars of the constitution, and involve all the states in common ruin."

**SOUTH CAROLINA "DECLARATION."**—A copy of the South Carolina Declaration of Independence is in print, and has been laid before the president.

**MISSISSIPPI.**—The Governor of Mississippi has issued his proclamation convening the legislature on the 29th inst., to take disunion into consideration.

**VISITING SCHOOLS.**—The exercises in the High School, which usually take place on Friday afternoon of each week, will be continued, but varied in their character, so as to make them more interesting and attractive.

In all the ward schools there are also special exercises for Friday afternoon.

We believe there is a standing invitation which has often been reiterated, to all friends of the schools to visit them at any time during the week, but on the afternoons of Friday especially. These visits are gratefully received by teachers and scholars, as no evidence that they are not forgotten by the public, and that their labors are appreciated as they deserve. We hope our citizens will consider it a duty as well as a pleasure to visit the schools.

**MISSOURI STILL IN DOUBT.**—About thirty counties to be heard from, and it was doubtful whether Bell or Douglas would have the state. The reported vote of Breckinridge is over 23,000 and Lincoln about 16,000.

**CALIFORNIA.**—By the pony express which arrived day before yesterday, we learn that the republicans were hopeful of carrying the state; both wings of the democracy were discouraged, and their leaders coldly received by the people.

**REPORTED FOR THIS DAILY GAZETTE.**  
BY WISCONSIN STATE TELEGRAPH LINE,  
Office in Union Passenger Depot.

**NEW YORK, Nov. 15.**  
Letters from Louisville say union demonstrations are soon to be made by the Bell and Everett men in every county in the state.

Counterfeit 3s on the bank of the interior, Albany, were circulated yesterday, several arrests were made.

A despatch from Washington says Mr. McClean has been instructed to co-operate with the Spanish and French ministers in securing the suspension of hostilities and the establishment of a provisional government until public elections can be held.

Ex Mayor Swan of Baltimore addressed a large meeting at the Bell and Everett quarters in this city last evening, he advised a general convention of delegates from all the states at which the north should guarantee the enforcement of the fugitive slave law and the equal rights of the south to occupy the territories.

The Breckinridge general committee have issued an address deprecating secession.

**WASHINGTON, Nov. 14.**  
The President it is said knows fully all the schemes of the seceders and will meet the responsibility of dealing upon him when the hour of action comes.

A grand union mass meeting is called to meet at Staunton, Va. on Saturday. There was a heavy run yesterday on the Citizens Bank of Baltimore, which holds the city funds. It paid promptly until the closing hour.

**UTICA, Nov. 15.**  
Hon. Samuel H. Barnes, canal commissioner elect, died of erysipelas at his residence in Norwich, Chenango co., last night.

**WASHINGTON, Nov. 14.**  
Many of the prevalent reports and conjectures concerning the action of the government are untrue and most of them exaggerated. The course of the administration will afford no just cause for increasing the present excitement either at the south or north as it will endeavor fairly, calmly and impartially to perform its duty.

For its action may arise, always keeping the constitution and the law in full view. The remark attributed to representative Keitt, that the President is pledged to secession, has been received here with much astonishment and his friends do not believe that he is correctly reported. It is well known that the President has never made such a pledge in any public paper, and his most intimate friends have never heard anything from his lips which would lead to the belief that he entertains any sentiment which is not warmly in favor of preserving the constitution in all its integrity.

The Register at Orange, Mr. Keitt's residence, says the postmaster has received his resignation to take effect on the 1st of January, unless his most abused and best beloved state of South Carolina shall secede. His resignation has been accepted, and he has been requested to designate a suitable person as his successor, who will give proper bonds for the discharge of all the duties required by the laws and regulations of the P. O. department.

In the event of no such person being found, the office must be discontinued. Lieut. Col. Gardner has, in the ordinary routine of business, been relieved of the command of Fort Moultrie, and will be succeeded by Maj. Anderson, who is next in rank in the regiment of artillery.

The newspaper report that Fort Moultrie was occupied by a military company of Charleston is the only information received of it in this city. The War department has neither given any order nor received any information on the subject.

The 5,000 stand of arms recently mentioned as having gone south, were purchased by the state of Virginia in Washington for the use of that state. They were of an inferior quality.

**CHARLESTON, Nov. 14.**  
The Mercury in referring to a dispatch in a Philadelphia paper about the taking of Fort Moultrie, says it is totally unfounded, and unless northern journals send out more reliable correspondents they must expect to suffer in their pockets as well as to have their fears excited by unjust apprehensions.

**THE SOUTH CAROLINA LEGISLATURE** previous to its adjournment removed the restrictions against bank suspensions.

**MILKINGVILLE, Nov. 14.**  
Speeches are nightly made by Senator Toombs, Hon. Thos. R. Cobb and others in favor of secession. Messrs. Stephens, Johnson and others oppose secession.

A bitter feud exists in the Georgia legislature between the friends of Mr. Iverson and Howell Cobb, in relation to the senatorship.

**MONTGOMERY, Ala., Nov. 14.**  
The Governor published a letter Tuesday opposing awaiting the action of other southern states, and recommends immediate secession. The union men of the state wage war on the letter.

**NASHVILLE, 14th.**  
If a southern convention is called, Tennessee will take part in it. The legislature will probably be convened.

**RICHMOND, 14.**  
A minute men corps is being formed.

**AUGUSTA, Ga., Nov. 15.**  
Augusta brokers buy Kentucky and Tennessee money at 5 per cent discount, payable in Georgia and Carolina money.

**ALEXANDRIA, Va., Nov. 15.**  
The Gazette has returns from 147 counties, they give Bell 472. The remaining counties gave Letcher 178.

**NEW YORK, Nov. 15.**  
The New Orleans Delta of the 9th report the discovery of 70 stand of arms under the negro cabins on plantations in Pontchartré parish. A consignment of Lincoln medals from New York have been returned. The exhibition and sale of portraits of Lincoln so exasperated the people that the exhibitors barely escaped with their lives.

**THE OFFICIAL VOTE OF NEW JERSEY** is now in.

The following persons are elected electors:

Win. Cook, dem., Jas. C. Parker, dem., Thos. Runyon, dem., Jas. C. Hornblower, rep., Chas. E. Elman, rep., Isaac R. Scud. den, rep., Edward W. Irvine, rep.

The three Douglas democrats are elected by from 3,000 to 4,000 majority.

The straight Douglas ticket carried just enough votes from Messrs. Voorne, Worts, Condict and Brewer to defeat them.

Messrs. Brewer and Worts are defeated by some 100, while the others lose it by from 100 to 300.

In some parts of the state the people voted as though no news of the fusion had reached them.

Taken all together there is a majority of from 3,000 to 4,000 against Lincoln.

**BOSTON, Nov. 14.**  
Wm. C. Wood, a graduate of Harvard College, has arrived here in the steamer South Carolina, from Charleston. He was civilly requested to leave the state and his passage to this port paid.

Mr. Wood was in South Carolina to fulfill an engagement as a school teacher in the Barnwell district.

**BALTIMORE, Nov. 14.**  
The money market is very tight. There is no discounting by the bankers. Two

firms on Market St. have suspended payment.

**RICHMOND, Nov. 14.**  
The Richmond Enquirer urges a state convention at an early day which might settle peacefully the dangerous question. It says: "It is with a view of concentrating public opinion upon a convention, as well as to prepare the people for any unseen emergency, that Gov. Wise inaugurated his mild men, and that he contemplated no raid upon the federal government."

The last accounts are very favorable to Bell, and the general official returns may be necessary to decide the result in this state.
